

PAIN MANAGEMENT SERVICE – WHAT IS IT?

Pain is complex and no two experiences are the same. Pain can be temporary, or chronic with the need for prolonged management. Often short-term responses can see you through to full recovery, but for freedom from chronic pain and discomfort it is important to have access to the most effective treatment.

At NWCATS we are here to resolve your pain. We work with the you and your GP at the onset of a pain problem. Our tailored programmes of pain management can help alleviate pain levels, and put you on the path to recovery. For more information about our pain management service and how we can help you please click here [<https://www.pmsltd.co.uk>].
